Certified by the American Board  
of Plastic Surgery

**D**r. Sadrian's unique combination of top-notch experience and personal warmth has made him a highly sought after La Jolla plastic surgeon specializing in cosmetic surgery of the face, breast and body. Certified by the American Board of Plastic and Reconstructive Surgery, he has over 16 years of extensive training at some of the top programs in the nation such as John Hopkins and Baylor College of Medicine. Dr. Sadrian is one of only a handful of plastic surgeons dually certified in Oral & Maxillofacial surgery as well as Plastic and Reconstructive surgery.

By combining the finest surgical training and experience with a keen eye for aesthetics, he is a comforting physician who strives to obtain balance, proportion and symmetry to obtain natural and aesthetically pleasing results. With careful planning and attention to detail the end results are reflected in the face and body of his patients. He is known by his patients for his warmth and extremely caring approach on a one on one basis.
